OUTCOME OF THE PROGRAM:

The one-week faculty development program on creative thinking organized by the IQAC of Anwarul Uloom College of Business Management was a great success. The program was attended by 50 faculty members from different departments of the college.

The Faculty Development Program on Creative Thinking commenced with the Internal Quality Assurance Cell Coordinator & Vice-Principal Mr. Mohammed Ibrahim Uddin giving an introduction of the speaker, Dr. Osman Bin Salam, Principal Anwarul Uloom College of Business Management. The program had a significant impact on the participating faculty member.

The program covered a range of topics related to creative thinking, including the importance of creative thinking in teaching and learning, techniques for promoting creative thinking, challenges and solutions for promoting creativity in teaching and learning, integrating creativity into the curriculum, and evaluation of creative thinking skills.

The program helped faculty members enhance their creative thinking abilities by introducing them to new techniques and approaches for idea generation and problem-solving. Participants found the sessions on brainstorming and lateral thinking especially helpful. The program enabled faculty members to develop new teaching methods that foster creative thinking among students. Many participants noted that they planned to incorporate the techniques they learned into their courses, such as using mind maps, brainstorming exercises, and group work.

The program provided opportunities for faculty members to network and collaborate with each other. Participants appreciated the chance to share ideas and experiences with colleagues from different departments and disciplines. The program fostered a culture of innovation and creativity within the college. Participants noted that they felt more empowered to take risks and explore new ideas after attending the program. The program helped participants to re-evaluate their curriculum design. Dr. Osman Bin Salam encouraged participants to share their ideas. Overall, the program was a great success, and the teachers gained a lot of valuable knowledge and skills that they can use to enhance their teaching and research.
