

ANWARUL ULOOM COLLEGE OF BUSINESS MANAGEMENT

(A MUSLIM MINORITY INSTITUTION)

Affiliated to Osmania University | Approved by AICTE | Permitted by Govt. of Telangana

#11-3-918, New Malleshpally, Hyderabad - 500001, T.S., India.

ERP DOCUMENT

The implementation of the Enterprise Resource Planning (ERP) system is necessary for an efficient and improved transition to a centralized and integrated automation system. Using ERP software, the institution must handle stakeholder data as well as administrative, admissions, accounting, library, election, and sports-related issues.

ERP unifies numerous institutional functional domains, each with numerous sub functions pertaining to stakeholder relations. Rights are assigned to carry out and conduct daily operations based on organizational grade. The ERP system's centralized automation database will make it easier and more precise to obtain data, and the extra data may be used to prepare and analyze reports. so long as the software utility receives assistance from the vendor. And maintenance, the ERP will be a great instrument for organizing the Institution operations.

In 2022, the organization bought an automation package from HirotolND: college management software. This program satisfies every prerequisite required by our organization, including. administration, assessments, and student information, as well as the library, finances, and examination practices for graduate and undergraduate students.

The Features of ERP Software are:

1. Student Database
2. Library Information
3. Fee Collection
4. Student Attendance
5. Academics
6. Examinations
7. Faculty Details
8. Income Expenditure
9. Front Office
